

Please do not force NJ to modify in any way its 'Do Not Call' regulations. Prior to the law, the hours between 6 pm and 9 pm were a nightmare of annoyance. Children's homework, dinner, etc. was interrupted. While I could have chosen not to answer, doing so would make me a virtual prisoner of these guys. The invasiveness of the calls and the rudeness of the callers make this law necessary and desireable. Thank you.
